Another Hospitalization

Hospital visits, clinic visits. When will it all end? Again, God was with me. A couple from our church knew I was sick, so they came home with me Friday night. Saturday night they took me to the local hospital emergency room. I was throwing up and had diarrhea. I knew I was very weak. My sodium was 122. They almost immediately sent me to Loyola and there I was put in I.C.U. They were amazed that I was logical and thinking. They said at 122 normally a patient is delirious and having seizures. My magnesium was also super low. I was treated with the utmost care and concern. I had wonderful witnessing opportunities with the nurses. I have been so sick and am tired of all the inability to serve the Lord well. Besides being in the hospital, I only missed one service where I could not or did not preach. I will tell you that during some of them I had splitting headaches and was freezing to death. Glory to God, we made it.

NEW LANGUAGE TRACTS

We are working on some new tracts that we will have out for you to see and use soon. Glory to God!

Reaching Multi-National Peoples through your giving and prayer. THEY hear the message OF a loving merciful God and Saviour, Jesus Christ who wants to save their Eternal Souls. Thank you, co-workers in Chicago, Thailand, and Myanmar.

God has sent the world to our neighborhood so we can give them the Gospel of Jesus Christ. We desire to see people reached and churches planted. Pray for the Lord to enable us to more effectively reach these peoples for Christ here in Chicago.
